Experience Kakadu by Night

Kakadu, Northern Territory, Australia

"We're born in Kakadu, we LIVE it. We want to share it with you!"

Kakadu by Night

Aboriginal culture and night wildlife boat cruise

Enjoy an exciting night wildlife safari in the heart of Kakadu on board a specially designed 20 seat boat. Cruise Djarradjin Billabong while spotlighting for the myriad of Kakadu wildlife that comes alive after dark!

This boat cruise has been specifically designed with the bird and wildlife watcher in mind. See 'day' birds roosting on the billabong just waiting to be photographed (flash permitted at guide's discretion) and observe our nocturnal species 'working' the waterway, a fantastic and unique Kakadu birding experience!

Look for crocodiles, snakes, turtles and even Barramundi fish in the shallows!

Spot the red eyes of the Saltwater Crocodile or "Ginga" in Kakadu's Gundjeihmi language, and its smaller cousin, the Freshwater Crocodile or "Gumugen".

Your guides are local Aboriginal people who also work as Kakadu Park Rangers, so you can hear how they manage saltwater crocodiles and other plants and animals in the World Heritage Area.

When conditions allow, we operate the cruise without a boat canopy. Just look up, the Kakadu night sky is AWESOME!

The tour starts with 1 hour of cultural activities. View informative demonstrations of bush tucker and traditional plant use. Learn how to throw a hunting spear, or play a didgeridoo.

This boat cruise is also available for special charter by professional wildlife photo journalists, film crews and bird watching groups. Target species on request.

*National Park filming permit required for commercial photography.
